National average						

In all the areas highlighted in green, the achievement of our pupils is higher than the local authority and national averages.

The gap between pupil premium pupils and non-pupil premium pupils is much narrower than the Local Authority average. However the gap between the attainment of the pupil premium children and non pupil premium children is as wide as the Local Authority average.

Our intention is to work relentlessly towards there being no difference in progress or attainment between pupil and non pupil premium children

"All learning together"
