

LITERACY

Children will be exploring a World War 2 short film and writing biographies about exciting adventurers. When they return after half term, they will be getting to write their own horror, mystery and suspense stories and draw inspiration from a short thriller film.

MATHS

This term we will be looking at numbers to 10,000,000 and their place value. We will also be exploring addition, subtraction, multiplication and division and how to use these to solve word problems.

SCIENCE

The children will be learning lots of new scientific knowledge this term, exploring living things and their habitats – looking at the classification of microorganisms. They will then move on to investigating light and electricity.

RE

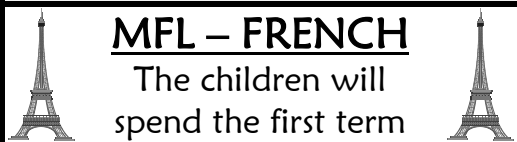

We will be looking at different religions this term. First, the children will explore Islam and how Muslims show commitment to God. Then, children will be looking at Christian tradition and celebrations leading up to Christmas.

COMPUTING

It is important to start the year with a unit on e-safety to ensure children are staying safe online. We will also be completing a 'data analysts' unit, where children will learn how to use spreadsheets to create, analyse and present data.

YEAR 6 CURRICULUM NEWS AUTUMN TERM 2018

MFL – FRENCH

The children will spend the first term recapping some key vocabulary and learning some new terminology on vacations, eating out and hobbies.

MUSIC

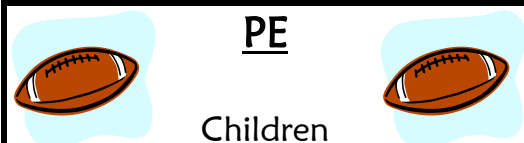

We will be doing a unit of work around one song: Mamma Mia! It will explore the music through games, the dimensions of music (pulse, rhythm, pitch etc), singing and playing instruments.

PSHE

To begin the year, PSHE will focus on class rules, feelings and friendships. We will then move on to looking at democracy & citizenship as well as the British values.

PE

Children will be taking Swimming lessons to learn how to swim 25m. These will take place on a Tuesday and so the children must arrive with their swimming kit in school on these days. We will also be learning tag rugby in the second half of the term.

TOPIC

We will start the year with a topic on rainforests, where the children will get to learn thrilling facts from around the world. We will then be moving on to an exciting new topic that will explore crime and punishment as a theme across British history.

ART & DT

We will start with an art unit on mixed media that will tie in with our rainforest topic. Next, we will be making hats in DT, which will hopefully link with our electricity unit to add some extra decorations to our hats!

☺ The Year 6 Team ☺

Miss Yearsley	Mrs Cunningham
Miss Feeney	Mrs Evans
Mrs Prewett	Miss Green
Mrs Richardson	Mrs Williams
